Sir,

ENCLOSURES _____

SPARE COPIES _____

As the vaccination season will commence from 15th July 1936, a fixed programme of vaccination for supply of lymph for the year 1936-37 has to be drawn up for Udipi Municipality by the 15th of this month. I would therefore request you to appoint (temporarily, pending the fixation of strength under the municipal council) a IInd class vaccinator on Rs. 25/- per mensem for your municipality at an early date.

On perusal of your budget for 1936-37, I found that you have not made separate provision for the appointment of a birth and death Registrar and you intend entrusting this work to the vaccinator himself.

As Udipi is a small municipality there may not be any objection to combine these posts for the present. I am however addressing the Director of Public Health for his instructions in the matter.

Meanwhile a vaccinator may be appointed urgently. On hearing from you a suitable candidate from among the awaiting list of qualified vaccinators will be recommended.
